

REMARKS

Claims 1-46 are pending in the current application. In an Office Action dated October 19, 2005, the Examiner rejected claims 1-46 under the doctrine of obviousness-type double patenting. Applicant has decided to file a terminal disclaimer, as suggested in the Office Action, rather than further extend the expense and delay of prosecution. Applicant's representative wishes to thank the Examiner for conditional allowance of the claims.

In Applicant's representative's opinion, all of the claims remaining in the current application are clearly allowable. Favorable consideration and a Notice of Allowance are earnestly solicited.

Respectfully submitted,
